BLOOMFIELD | ROS, PLLC.

# After the Storm: What to Do Now

Four simple steps to keep your claim organized.

## 1 Take photos and video of the damage

- [ ] Outside and inside, room by room, wide shots first and then close-ups.
- [ ] Photograph damaged belongings before you throw anything out.
- [ ] Take photos before and after any cleanup or temporary repairs.
- [ ] Only go where it's safe, and back up your files.

## 2 Document everything

- [ ] Write down your claim number and your adjuster's name and phone number.
- [ ] Keep every letter, email and text from your insurance company.
- [ ] Note the date, the person and what was said for every call or visit.
- [ ] Keep all estimates and inspection reports.
- [ ] Keep every receipt (repairs, hotel, meals, cleanup) in one folder.

## 3 Have your policy handy

- [ ] Your declarations page
- [ ] Your full insurance policy
